September 18, 2012  
2:30 – 5:00 PM  
No Charge**

MCCA invites you to attend our 2<sup>nd</sup> Annual Diversity Open House!

This is a great opportunity for you to meet directly with some of our community Non Profit partners to fulfill your recruitment needs. Learn what these organizations are doing to prepare their clients for the workplace. Share information about employment opportunities within your contact centre and your requirements for perspective employees.

Non Profit Partners can become another source of recruitment for perspective employees. This adds up to monies saved in recruiting costs and poses a win/win proposition for you.

Join us September 18<sup>th</sup>, 2012 to meet with a number of diversity partners face to face.

Employers recognize that organizations, such as those who will be attending on September 18<sup>th</sup>, 2012 are integral to their success. Newcomers, aboriginals, people with disabilities and mature workers are all going to be a large part of our profitable future.

MCCA has made it easier than ever to connect with people from these organizations by bringing them together under one roof. This is a golden opportunity to ensure that diversity partners have an understanding of your employment needs! Remember to consider all areas of employment – not just your frontline hiring.

Everyone who registers and attends will have their name entered into a prize draw!
